

# Year 1 Spring 2025 Theme:

# On The Move

Aerial tramway

Airplane

Ambulance

Baby carriage (US)

Hot-air balloon

## Suggested Home Learning

Boat

## Trips and Events

- Trip to the local Church
- Year 1 class performances

## Marvellous Middle

Pupils will learn about significant people in the past such as the Wright Brothers. They will take inspiration from them and design their own flying parachutes.

## Stunning Start

In History, we will start with our stunning start day, where we will be experiencing different types of transport from the past. They will compare difference and similarities in transport in the past and present. Pupils will get the chance to make their own passports and tickets to board the plane and bus.

In Geography, pupils will use map reading skills to locate different countries in the UK using an atlas. In Science pupils will learn all about everyday materials. Find out what's made of wood, plastic, and metal in your home.

## Fantastic Finish

We will continue learning about significant events that changed the course of travel in history. They will explore different cultures as well as their own heritage whilst travelling on the Orient Express. Pupils will come to school in a formal, smart suit and a smart dress. There will be food to taste from each destinations the Orient Express arrives at.

## Vocabulary

Transport  
Steam and  
Coal  
Electric  
Past  
Present  
atlas  
United  
Kingdom  
England  
Ireland  
Scotland  
Whales
