Thought of the week

"We show respect by speaking and acting with courtesy. We treat others with dignity and honour. Respect yourself and others will respect you."

Dear Parents/carers,

Thank you for your support last week during Mental Health Awareness week and for helping turn our school green on Thursday, we raised **£131.00** so thank you for your generosity. The theme of this year's awareness week was movement and how it contributes to our positivity and well-being.

So with this in mind, I encourage you all to enjoy the upcoming half term and get moving with the family.

We are blessed to live in a borough with amazing outdoor spaces and a capital with so many museums, galleries and attractions so I encourage you all to take sometime to enjoy our outdoors. Listed below are links to give you some ideas on what's available.

Car safety:

Can all parents please remember it is a legal requirement for all passengers to be safely fastened into age appropriate car seats. UK law dictates that a child must use a child car seat until they're 12-years-old or 135cm tall, whichever comes first. Children over the age of 12 or more than 135cm tall must wear a seat belt.

Additionally, recent changes to the highway code have set out a hierarchy of road users, **placing pedestrians as the most vulnerable road users**, therefore placing emphasis on the need to give way to pedestrians crossing or waiting to cross a road into which or from which drivers are turning. These rule changes also make it clear that pedestrians should 'cross at a place where drivers can see you.' Please can we all work together to ensure the safety of everyone during school drop off and collection times by adhering to the highway code and looking out for our fellow travellers.

Looking after your Mental Health- Exercise:

When you know all the benefits that exercise brings, taking the first step to doing it is easier said than done. Here are some common barriers and how you can get past them.

You feel exhausted: Sometimes, you don't have the energy, and the last thing you want to do is put on your kit and exercise. But, as mentioned before, exercise makes you feel more energised. Set yourself a goal of a 5-minute walk, and the chances are that once you start moving, you'll find you're ok to keep going.

You feel overwhelmed: When you're stressed or depressed, adding another activity to an already busy day can feel overwhelming and become a burden amongst other commitments. Try viewing movement as a priority and something you do for yourself. Be strict with prioritising this time. It doesn't have to be hours of training, even 15 minutes will help.

You feel hopeless: You might be finding that nothing is worth doing and you're not able to exercise. It's best and ok to start slow and to go at your own pace. To begin with, try a walk or a gentle stretch for a few minutes a day, then slowly build yourself up. Remember, the more you exercise, the more confident you'll become. Start small.

Rights Respecting:

Article 8: Every child has the right to their identity. Your identity includes things like your name, age, race and religion. You should make sure to take care of your identity otherwise criminals might try to steal it. It is important that each child understands their identity.

Dylan George 5B

It is important that all parents, adults and children know the rights of a child. They should be followed always. They protect children from danger. By learning and following the rights of a child, we ensure we protect children and give them freedoms to express themselves.

Well done everyone!

Celebrating Cultural Connections-Celebrating diversity across our school:

Yinka Shonibare

Yinka Shonibare (born February 10, 1962, London, England) is a British artist of Nigerian [heritage](#) known for his examination of such ideas as authenticity, identity, [colonialism](#), and power relations in often-ironic [drawings](#), [paintings](#), [sculptures](#), [photographs](#), [films](#), and installations. A signature element of his work is his use of so-called Dutch wax-printed fabric, produced by means of a [batik](#)like technique.

For over 30 years, **Yinka Shonibare CBE** has used Western art history and literature to explore contemporary culture and national identities. *Suspended States* is the artist's first London solo exhibition in over 20 years. It showcases new works, interrogating how systems of power affect sites of refuge, debates on public statues, the ecological impact of colonisation and the legacy of imperialism on conflict and consequential attempts at peace.
